The Aschersleben (M 52/D 55) airfield was not occupied. The landing field was frozen and partially plowed. The field seemed serviceable for light aircraft.

25X1A comment:

According to previous reports, the entire landing field was plowed. The field seems to be unsuited for occupation by an air unit. Landings by aircraft have not been observed.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 13 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
